

All in one !

**EASYPHON**  
Co-injection Technology

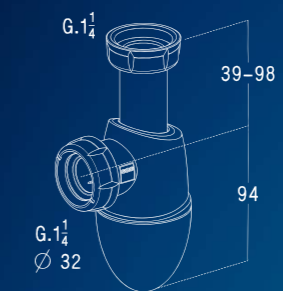

Source of sustainable solutions

## INNOVATIONS

- ✓ Easy to install
- ✓ Reliability
- ✓ Built-in gaskets
- ✓ Perfect and long-lasting watertightness

For the washbasin  
**EASYPHON**

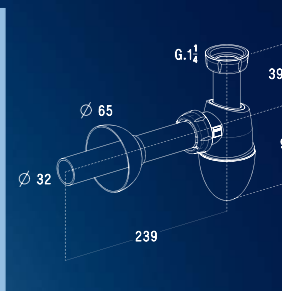

Washbasin trap  
Trap ready-to-install  
Outlet  $\varnothing$  32 mm

Réf. : BM21S  
Code info : 0201284

For the washbasin  
**EASYPHON**

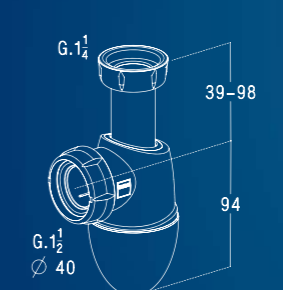

Washbasin trap  
Trap ready-to-install  
Wall outlet pipe  $\varnothing$  32 mm

Réf. : C2921  
Code info : 202073

For the washbasin  
**EASYPHON**

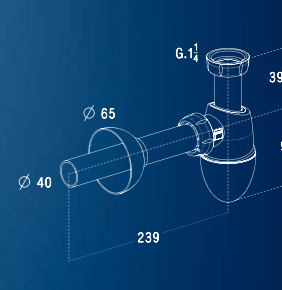

Washbasin trap  
Trap ready-to-install  
Outlet  $\varnothing$  40 mm

Réf. : BM24S  
Code info : 0201285

For the washbasin  
**EASYPHON**

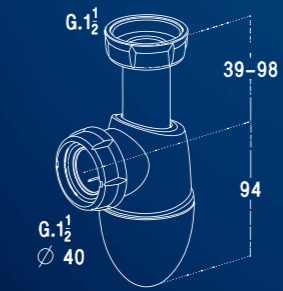

Washbasin trap  
Trap ready-to-install  
Wall outlet pipe  $\varnothing$  40 mm

Réf. : C2924  
Code info : 0202074

For the sink  
**EASYPHON**

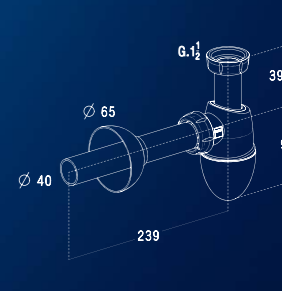

Sink trap  
Trap ready-to-install  
Outlet  $\varnothing$  40 mm

Réf. : BM55S  
Code info : 0224287

For the sink  
**EASYPHON**

Sink trap  
Trap ready-to-install  
Outlet  $\varnothing$  40 mm

Réf. : C2955  
Code info : 0202075

**PATENTED**

**EASYPHON**  
Co-injection Technology

**Ready to install, reliable and safe**

A breakthrough innovation in assembly as trap body and gaskets are only one part. Impossible to lose or misplace a gasket from now on.

**To save your time, use Easyphon**

«Co-injection» technology is a modern and convenient process, which allows injection of the elastomer gaskets and polypropylen parts simultaneously.

«Co-injection» technology confers to a product a surprising resistance. Flexible, elastic and tear proof, the gaskets are always positioned precisely, allowing a long-lasting 100 % watertightness

*Watertight*

*for washbasin, vanity bowl, sink etc...*

**Easy to install**

*Adjust, screw, that's all !*

With Easyphon, the connection to the waste and to the outlet pipe is so quickly made.

Adjust, screw, that's all !

**No risk of losing gaskets, save time !**

During the trap installation, nothing is more irritating than losing a gasket : interrupted intervention and serious loss productivity. «Co-injection» technology guarantees a definitive and perfect assembly of all the gaskets. Save time by using Easyphon.

**Fast maintenance**

With Easyphon, the maintenance is easy and fast.

*Dismantle, clean, re-install !*
